Members present:

Utah has not responded to the question if they would host conference in 2010.

The board had received a request to move the records from the Idaho office that contained the history of RC&D. They were moving the office and did not have the space to store the boxes. Clyde stated that he would go and look into the files. Susie gave the listing on what she would need from the records and how long files should be kept for tax reasons.

Treasure Report: Susie reported that she has been sending out bills and that several councils have not paid, 55 have paid – she has received \$9,000 to date on dues paid in. The conference pins netted \$250.00

Nels made the motion to accept the financial report and Clyde seconded.

Nellie stated that she would not be on the next call as she would be on vacation.

Meeting adjourned at 5:50 pm by President Bob Perry
