

TV & Computer Recycling

The Need: Citizens, schools, businesses and local governments had many obsolete electronics that needed to be disposed of.

The Project: Recycling offers the opportunity to prevent the improper disposal of TVs, computers and other electronics while recovering valuable materials from circuit boards, metal wiring, leaded glass, and plastics. Hazardous material is properly disposed of as well. Many electronics that are in good, working condition are donated to groups in need

The Results: One hundred twenty-two (122) individuals and groups served, three recycling events held, approximately twelve (12) tons recycled, the expanded collections included

Council members played a big role in this successful project

People were glad for the opportunity

Project Partners

- Northeast NE RC&D Council
- NE Department of Environmental Quality
- 3 communities
- NRCS
- Earth Team Volunteers

Schools came with hundreds of waste computers

An Equal Opportunity Provider & Employer

Volunteers helped unload electronics of all kinds
