Title: *TCLP-319 (h) Grant Project*

The Northern Rio Grande RC&D Council, Inc., in collaboration with the TCLP Allotment permittees, U.S. Forest Service, Taos SWCD and New Mexico Environment Department are installing several Best Management Practices of a 319 (h) Grant.

20 ft, 5-rail, steel panels will be used to construct a livestock corral

2 ½ mile pasture fence designed for livestock and wildlife was installed

20,000 gallon fiberglass water storage tank, is being buried to provide protection from the elements and vandalism.

8 miles of livestock pipeline installed, using 1 ¼ inch, 200 psi, polypipe, and pipe was fused welded @ every 3000 ft.
