

Utah's Uinta Headwaters RC&D Council

The Uinta Headwaters RC&D Council in Utah has organized the Mountain Spirit Heritage Festival for four years. The festival promotes heritage tourism by providing a venue for local artisans and farmers to promote the area's unique art and culture. Pioneer and western heritage is celebrated with traditional activities including: a wagon train following an historic pioneer route; working heritage artisan demonstrations; a ranch rodeo; music and dancing; historic photograph displays; and a traditional pig roast.
